It is understood the steamer on Saturday will have a considerable sum and the French packet which sails to-morrow, also a large amount. Between three and four hundred thousand dollars have been skip-

ped to India via Liverpool. The Government Loan of two millions has been abandoned in consequence of the rate bid for it, par for a six per cent stock, not being satisfactory to the Secretary of the Tressury. To supply the temporary wants of the Government an issue of \$: 65,000 have been made. The Sta e Government has also abandones the intention, for the present, of making the million loss wanted for the purposes of Internal Improvement. The best offer for it is us stood to have been 85 for a Five per cent stock and that offer was only made for a small portion of the smount. The Commissioners decline to accept less than par for Sixper cest stock. A temporary loan will probably be resorted to which can be made at 6 per cent. New-York Markets.
